# SO MANY REASONS TO GET A MINI.

World Famous  
Handling

## DRIVE IT AND YOU WILL UNDERSTAND.

Motoring in a MINI simply isn't like driving other cars. That's why we call it «motoring». And why there are thousands of testimonials online to its world-famous, razor-sharp handling. Some people equate the incredibly responsive ride to a roller coaster; others, a go-kart. Whatever the truth, it's the performance most people expect from a high-powered sports car.

Surprising Size

## MORE ROOM THAN YOU EXPECT. GUARANTEED.\*

Almost without fail, people unfamiliar with us are Surprised at how spacious the inside of a MINI really is. But we've been performing this magic trick for over 50 years. MINI has followed the philosophy of creative use of space since its very beginning in 1959. Which is exactly what we did with the MINI Countryman and new 2016 Clubman.

\* Claim only valid for people who have never actually sat inside a MINI before.

MINI Design

## ICONIC DESIGN, TAILORED TO FIT.

There are few vehicles on the road (or track) as recognizable as a MINI. For what began as brilliant solution to a global oil crisis soon morphed into an international sensation, perfectly capturing the relentless spirit and optimism of contemporary culture. Decades later, our size and tastes have grown up a bit, with larger models and more sophisticated materials and finishes. But with well over 10 million ways to design a MINI, we're certain yours will suit you exceedingly well.
